

AGENDA

2.5 THIRD TRAINING FOR TECHNOLOGY AUDITS

2-3 June 2011

Local coordinator: Higher Institute of Technology of Sousse, Tunisia
Venue: Hotel Sahara Beach – Monastir 5029

Description of the activity:

The aim of this training module is to selected KT professionals on the methodology for offering a Technology Audits (TA) Service. Due to the strong relevance of this training for Business Associations and in particular the industry as future beneficiaries of the Technology Audits, the Business Link Advisors identified in act. 2.1. will participate in the training in order to acquire knowledge for future promotion of the services among enterprises.

Main topics of the workshop:

- Instruments & processes for the implementation of TA, Information systems, Data collection, Processes Analysis, Studying and Evaluating Controls, Testing and Evaluating Controls, Reporting;
- Identification of best-practice models for the organization and conduct of TA;
- Drafting of a practical document (Handbook) as a guide for the practical implementation of Technology Audits including concrete work schemes will be initiated, its finalisation will be continued after the training in mutual cooperation between the project partners.
